Nagar Circle Office
Shimoga 17 February 1880
Despd 21/4 -

To

The Secretary to the Chief Comm.r
of Mysore
Revenue Department

Sir,

I forwarding copy of letter No 644 dated 14th instant from the Deputy Comm.r Shimoga I have the honor to solicit the orders of the Chief Comm.r on the question submitted by Colonel Campbell in this office letter No 412/91 dated 13th August 1878 (addressed to the Secretary General Department).

2. The determination of the point at issue depends on the construction placed on the instructions contained in Proc.n No 35 of the Inam Rules which prescribes the procedure to be adopted in revising the Jodi payment on Inams, after they have been allocated and settled by the Inam Department, and integral portions of which (i.e. Survey Nos) have been resigned by the holders.

3. According to para 2 of that rule, the resignation of a defined portion of an Inam holding is followed by "a reduction of Jodi equal to the Survey-

valuation of the resigned portion, which should have been less than an entire Survey 'number' or 'field'". The then Deputy Commr (Colonel Hill) and in concurrence with him, Colonel Campbell were of opinion that the terms of para 3 of the same Rule conflicted with para 2, in so far that they contemplated a reduction in the Jodi proportionate only to the Survey assessment of the resigned portion. Adopting the same view, the present Deputy Commr has in disposing of Enjinamas that have been presented to him, directed (subject to final orders) that the proportionate Jodi and not the whole of the assessment of the relinquished land, should be deducted in the total Jodi -

4. This proceeding seems justified by the apprehension expressed by the Deputy Commr that the literal adoption of the instructions in para 2 would lead to the Inamdidars relinquishing the inferior land in their holding, and retaining what is most valuable, on a disproportionately reduced Jodi -

5. Assuming however, as I think must be admitted, that Para 2 of No 35 is the authorized rule of procedure in such cases (Para 3 having reference to Inams on unsurveyed Talukas) I conceive it to be intended that the total Jodi should be reduced by the amount

(4)

of the Survey assessment or valuation on resigned portions -

6. The Deputy Comm.r will be observed, asks that early orders may be passed on this point, in order to enable him to close the accounts for the year -

I have the honor to be

On Camp's Office Shimoga Distt
Camp Thirthapura 14th February 1880

To

The Commr of the Bagalkote

Sir,

With reference to correspondence ending with this Office No 590 dated 5th ultimo, I have the honor to request early instructions on the subject quoted. As reported therein, I had directed that pending the issue of final orders a proportionate jodi should be deducted when whole Survey numbers, comprising inamdi holdings are relinquished, instead of deducting the entire assessment of the resigned number from the jodi thereof. The principle I was guided by is that of securing Govt interests against the loss which would accrue from all the bad lands being given up, and the good ones retained almost rent free; and the same principle is laid down in the hearsmally noted ruling of the Chief Comr. But it is argued that the Survey Department had passed orders to the effect that the entire Survey assessment of the relinquished numbers should be struck off from the total inamdi jodi, and that by granting only a proportionate remission on the jodi, the interim emoluments of the inamdi holders (Patels and Shanbogs)

Confirmation No 215 of 2nd March 1880.

would be learned -

2. As the village accounts have been closed, I venture to suggest that early orders be passed on the question.

Thanking you

Sign'd V. A. Narasimiengar.

R 1880

From

The Secretary to the Chief Commissioner,
of Mysore.

To The Survey & Inam Commissioner of Mysore.

Section R
No 4-79
Serial No 3

Dated Camp Bangalore 2nd February 1880.
Despatched 2/2/80
Received
Enclosures No. 1
General No. 6409
R No. 1119

I am forwarding the opinion of the Survey & Inam Commr. the accompanying copy & extract of letter from the Comr. of the Mysore Division, with enclosures, which have been mislaid and have been again recently received) the Chief Comr observes that para 2 of Inam Circ No 35 therein referred to is evidently incorrect. When a portion of an Inam of any description bearing jodi consisting of an entire Survey number is allowed to be relinquished,

Ref
25/2

(9)

the reduction to be
made in the Jodi should
not be the amount of the full Survey
assessment of the
number relinquished,
but only such proportion
of the Jodi as the full
assessment of the
relinquished portion
bears to the full assessment
of the whole Inam -

Where the Inam constitutes
the emolument of a village
office holder, it will be
necessary in case of relinquishment,
as provided in Para XVII*
of the revised Rules for
the ~~permanent~~ remuneration
of Village officers, to reduce
from the Jodi the full
assessment of the land
so relinquished in order not
to diminish the amount
of the emolument - But
this will not apply when the
Lands are continued to the
same Share-holders, or even
to the office-holder, if the
remuneration were separately fixed in
Cash

From

Colonel F. C. Anderson
Survey Settlement and Inam Commissioner
Mysore

To

The Revenue Secretary to the Chief Commr
of Mysore

Survey and Inam Commissioner's Office
Poona 31st March 1880

Sir

With reference to Chief Commissioner's order No 6209/1119 of the 27th ultimo I have the honor to inform you that the Chief Commissioner is under a mistake in supposing that there is any error in 1 and 2 of Inam Series No 35. The a portion of a Judi Inam comprising an entire Survey number is allowed to be resigned a deduction from the total Judi payable is to be made

equivalent to the whole Survey assessment of the resigned land. This has been the universal practice in the Bombay Presidency where Judicium is just as common as in Mysore and also in Mysore hitherto and is also clearly in accordance with what is just since the amount of alienated revenue is the difference between the full Survey assessment and the Judicium payable. The clear intention must be that the value of the alienation must remain constant which it would not do under the practices suggested in the order under reply.

Your obedient servant,

H Chandra M

Survey Settlement & Agriculture Department
